EXPERIENCE AFRICA WITH THE BEST

BLOEMFONTEIN - FREESTATE

FREE STATE CAMP

The Freestate province of South Africa is located inland, towards the center of the country. Although typically the Freestate is known for its flat terrain, our 10,000 acre property is comprised of a series of mountains, layered with sections of plateaus. Large herds of Eland amongst other animals frequent these plateaus when grazing, giving us a unique opportunity to harvest top quality animals.

The lodge, which once was the original farm house built in the 18th century by the original dutch settlers, offers you a unique experience of century old South African history, only available to a select few. The lodge has 5 en-suite bedrooms and ensures complete privacy. You can expect only the finest traditional African dishes, served with a selection of the finest South African wine. This is a great hunting area for all members of the family.
