ABOUT US

WHY BOSS SAFARIS

In 2014, Boss Safaris and Outfitters was founded by professional hunter and outfitter, Wayne Muller. Our Main objective has always been to be the most reputable outfit in South Africa. In 2022, we partnered with long-time family friend, Stefan Kruger. Stefan is a very well-respected professional hunter, who always goes above and beyond, to deliver our clients a remarkable and memorable experience. With Stefan leading a team of dedicated staff members and some of the finest professional hunters in Africa, we work exceptionally hard to ensure that you are completely satisfied, exceed your expectations, and provide you with the most authentic African experience. Boss Safaris makes the process of choosing an outfitter in Africa a simple, hassle-free experience. We handle everything from your initial booking to the day your trophies arrive home safely. The company, guides, and staff all believe and hold dear the importance of strong hunting ethics, as we all firmly believe in conservation through hunting. Hunting is our passion, a passion that we are excited to share with you. Your hunting experience with us is so much more than the split-second it takes to pull the trigger. At Boss Safaris you can completely immerse yourself in Africa, satisfy your senses, and experience the dark continent as our forefathers have done for generations before us.

HUNTING

IN SOUTH AFRICA

Boss Safaris and Outfitters is based in the Limpopo province of South Africa, specifically, the "Greater Kruger Area". Our hunting safaris are conducted on a combined area of roughly 20,000 acres that is home to a wide variety of species for the hunter to pursue. Most of our safaris will take place at home (in the Greater Kruger,) although, we do hunt in other provinces, such as the Eastern Cape, North-West, FreeState and Kwa-Zulu Natal, based on the targeted species.

The Greater Kruger area is one of South Africa's hidden gems and is home to a vast number of animals, including the Big 5, which can be seen on many of the properties we hunt on. In addition to hunting in South Africa, we also accommodate hunting safaris in Zimbabwe, Tanzania, Namibia, Mozambique, and Zambia through our partners who hold the highest of standards. No matter where in Africa you hunt with us, we always ensure outstanding service and accommodations to match.
